

INTERNATIONAL CLUBHOUSE DIRECTORY

January 2009

The ICCD...

is a global resource that offers communities around the world a more holistic, inspiring and cost-effective solution for...

- **helping people who have mental illness reach their full human potential, and**
- **reversing the devastating effects of mental illness on people and society.**

International Clubhouse Directory

Clubhouses included in this Directory have sent members and staff to training at one or more of the listed ICCD Training Bases. All are current members of the International Center for Clubhouse Development, or Clubhouses that have started up and been trained within the last two years. This listing is based on our records as of the time of publication.

As there are regular changes in membership as well as contact information and directors, some of the information in the printed form of the Clubhouse Directory may change. However, the ICCD maintains the Clubhouse Directory on our web site where it is updated regularly to reflect the most recent information available.

Clubhouses marked  and boxed in maroon, are certified by the ICCD at the time of publication and have demonstrated a commitment to comply with the International Standards for Clubhouse Programs. A current list of certified Clubhouses can be found in the Web Directory. Clubhouses marked  are ICCD certified Training Bases.

You can contact the ICCD at:

425 West 47th Street
New York, New York 10036
USA
Phone: 212 582 0343
Fax: 212 397 1649
Email: generalinfo@iccd.org
Website: www.iccd.org

Joel D. Corcoran is the Executive Director of the ICCD

International Standards For Clubhouse Programs

The International Standards for Clubhouse Programs, consensually agreed upon by the worldwide Clubhouse community, define the Clubhouse Model of rehabilitation. The principles expressed in these Standards are at the heart of the Clubhouse community's success in helping people with mental illness to stay out of hospitals while achieving social, financial, educational, and vocational goals. The Standards also serve as a "bill of rights" for members and a code of ethics for staff, board and administrators. The Standards insist that a Clubhouse is a place that offers respect and opportunity to its members.

The Standards provide the basis for assessing Clubhouse quality, through the International Center for Clubhouse Development (ICCD) certification process.

Every two years the worldwide Clubhouse community reviews these Standards, and amends them as deemed necessary. The process is coordinated by the ICCD Standards Review Committee, made up of members and staff of ICCD-certified Clubhouses from around the world.

MEMBERSHIP

1. Membership is voluntary and without time limits.
2. The Clubhouse has control over its acceptance of new members. Membership is open to anyone with a history of mental illness, unless that person poses a significant and current threat to the general safety of the Clubhouse community.
3. Members choose the way they utilize the Clubhouse, and the staff with whom they work. There are no agreements, contracts, schedules, or rules intended to enforce participation of members.
4. All members have equal access to every Clubhouse opportunity with no differentiation based on diagnosis or level of functioning.
5. Members at their choice are involved in the writing of all records reflecting their participation in the Clubhouse. All such records are to be signed by both member and staff.
6. Members have a right to immediate re-entry into the Clubhouse community after any length of absence, unless their return poses a threat to the Clubhouse community.

International Clubhouse Directory

7. The Clubhouse provides an effective reach out system to members who are not attending, becoming isolated in the community or hospitalized.

RELATIONSHIPS

8. All Clubhouse meetings are open to both members and staff. There are no formal member only meetings or formal staff only meetings where program decisions and member issues are discussed.
9. Clubhouse staff are sufficient to engage the membership, yet few enough to make carrying out their responsibilities impossible without member involvement.
10. Clubhouse staff have generalist roles. All staff share employment, housing, evening and weekend, holiday and unit responsibilities. Clubhouse staff do not divide their time between Clubhouse and other major work responsibilities.
11. Responsibility for the operation of the Clubhouse lies with the members and staff and ultimately with the Clubhouse director. Central to this responsibility is the engagement of members and staff in all aspects of Clubhouse operation.

SPACE

12. The Clubhouse has its own identity, including its own name, mailing address and telephone number.
13. The Clubhouse is located in its own physical space. It is separate from any mental health center or institutional settings, and is impermeable to other programs. The Clubhouse is designed to facilitate the work-ordered day and at the same time be attractive, adequate in size, and convey a sense of respect and dignity.
14. All Clubhouse space is member and staff accessible. There are no staff only or member only spaces.

WORK-ORDERED DAY

15. The work-ordered day engages members and staff together, side-by-side, in the running of the Clubhouse. The Clubhouse focuses on strengths, talents and abilities; therefore, the work-ordered day must not include medication clinics, day treatment or therapy programs within the Clubhouse.

16. The work done in the Clubhouse is exclusively the work generated by the Clubhouse in the operation and enhancement of the Clubhouse community. No work for outside individuals or agencies, whether for pay or not, is acceptable work in the Clubhouse. Members are not paid for any Clubhouse work, nor are there any artificial reward systems.
17. The Clubhouse is open at least five days a week. The work-ordered day parallels typical working hours.
18. The Clubhouse is organized into one or more work units, each of which has sufficient staff, members and meaningful work to sustain a full and engaging work-ordered day. Unit meetings are held to foster relationships as well as to organize and plan the work of the day.
19. All work in the Clubhouse is designed to help members regain self worth, purpose and confidence; it is not intended to be job specific training.
20. Members have the opportunity to participate in all the work of the Clubhouse, including administration, research, intake and orientation, reach out, hiring, training and evaluation of staff, public relations, advocacy and evaluation of Clubhouse effectiveness.

EMPLOYMENT

21. The Clubhouse enables its members to return to paid work through Transitional Employment, Supported Employment and Independent Employment; therefore, the Clubhouse does not provide employment to members through in-house businesses, segregated Clubhouse enterprises or sheltered workshops.

Transitional Employment

22. The Clubhouse offers its own Transitional Employment program, which provides as a right of membership opportunities for members to work on job placements in business and industry. As a defining characteristic of a Clubhouse Transitional Employment program, the Clubhouse guarantees coverage on all placements during member absences. In addition the Transitional Employment program meets the following basic criteria.
 - a. The desire to work is the single most important factor determining placement opportunity.
 - b. Placement opportunities will continue to be available regardless of success or failure in previous placements.
 - c. Members work at the employer's place of business.

International Clubhouse Directory

- d. Members are paid the prevailing wage rate, but at least minimum wage, directly by the employer.
- e. Transitional Employment placements are drawn from a wide variety of job opportunities.
- f. Transitional Employment placements are part-time and time-limited, generally 15 to 20 hours per week and from six to nine months in duration.
- g. Selection and training of members on Transitional Employment is the responsibility of the Clubhouse, not the employer.
- h. Clubhouse members and staff prepare reports on TE placements for all appropriate agencies dealing with members' benefits.
- i. Transitional Employment placements are managed by Clubhouse staff and members and not by TE specialists.
- j. There are no TE placements within the Clubhouse. Transitional Employment placements at an auspice agency must be off site from the Clubhouse and meet all of the above criteria.

Supported and Independent Employment

- 23. The Clubhouse offers its own Supported and Independent Employment programs to assist members to secure, sustain and subsequently, to better their employment. As a defining characteristic of Clubhouse Supported Employment, the Clubhouse maintains a relationship with the working member and the employer. Members and staff in partnership, determine the type, frequency and location of desired supports.
- 24. Members who are working independently continue to have available all Clubhouse supports and opportunities including advocacy for entitlements, and assistance with housing, clinical, legal, financial and personal issues, as well as participation in evening and weekend programs.

EDUCATION

- 25. The Clubhouse assists members to further their vocational and educational goals by helping them take advantage of adult education opportunities in the community. When the Clubhouse also provides an in-house educational program, it significantly utilizes the teaching and tutoring skills of members.

FUNCTIONS OF THE HOUSE

26. The Clubhouse is located in an area where access to local transportation can be assured, both in terms of getting to and from the program and accessing TE opportunities. The Clubhouse provides or arranges for effective alternatives whenever access to public transportation is limited.
27. Community support services are provided by members and staff of the Clubhouse. Community support activities are centered in the work unit structure of the Clubhouse. They include helping with entitlements, housing and advocacy, promoting healthy lifestyles, as well as assistance in finding quality medical, psychological, pharmacological and substance abuse services in the community.
28. The Clubhouse is committed to securing a range of choices of safe, decent and affordable housing including independent living opportunities for all members. The Clubhouse has access to opportunities that meet these criteria, or if unavailable, the Clubhouse develops its own housing program. Clubhouse housing programs meet the following criteria.
 - a. Members and staff manage the program together.
 - b. Members who live there do so by choice.
 - c. Members choose the location of their housing and their roommates.
 - d. Policies and procedures are developed in a manner consistent with the rest of the Clubhouse culture.
 - e. The level of support increases or decreases in response to the changing needs of the member.
 - f. Members and staff actively reach out to help members keep their housing, especially during periods of hospitalization.
29. The Clubhouse conducts an objective evaluation of its effectiveness on a regular basis.
30. The Clubhouse director, members, staff and other appropriate persons participate in a three-week training program in the Clubhouse Model at a certified training base.
31. The Clubhouse has recreational and social programs during evenings and on weekends. Holidays are celebrated on the actual day they are observed.

International Clubhouse Directory

FUNDING, GOVERNANCE AND ADMINISTRATION

32. The Clubhouse has an independent board of directors, or if it affiliated with a sponsoring agency, has a separate advisory board comprised of individuals uniquely positioned to provide financial, legal, legislative, consumer and community support and advocacy for the Clubhouse.
33. The Clubhouse develops and maintains its own budget, approved by the board or advisory board prior to the beginning of the fiscal year and monitored routinely during the fiscal year.
34. Staff salaries are competitive with comparable positions in the mental health field.
35. The Clubhouse has the support of appropriate mental health authorities and all necessary licenses and accreditations. The Clubhouse collaborates with people and organizations that can increase its effectiveness in the broader community.
36. The Clubhouse holds open forums and has procedures which enable members and staff to actively participate in decision making, generally by consensus, regarding governance, policy making, and the future direction and development of the Clubhouse.
